    class cmdline_CmdLineS["cmdline::CmdLineS"]
    class cmdline_CmdLine["cmdline::CmdLine"]
    cmdline_CmdLineS --|> cmdline_CmdLine
```

The diagram illustrates a class hierarchy. At the bottom is a gray-shaded box labeled 'cmdline::CmdLineS'. A blue arrow points vertically upwards from this box to a white box at the top labeled 'cmdline::CmdLine'. This represents that 'cmdline::CmdLineS' inherits from 'cmdline::CmdLine'.
